

3rd WFNS Vascular Symposium Prague

May 20–23, 2026, Prague, Czech Republic

Dear Ladies and Gentlemen,

On behalf of the Organizing Committee, I would like to invite you to participate in the **3rd WFNS Vascular Symposium Prague**, which will take place **20–23 May 2026** in Prague, in the prestigious premises of the **NH Collection Prague Carlo IV Hotel**, Senovážné nám. 13/991, Prague 1.

We would like to follow upon the former very successful meetings in Cluj, Romania 2022 and at Harvard University in Boston, USA 2023.

The main theme of the symposium will be **vascular neurosurgery** in all its aspects. The scientific program will consist of invited and submitted presentations by leading experts from around the world and will offer a platform for sharing experience, presenting the latest findings, and discussing current trends in the diagnosis and treatment of cerebrovascular diseases. The program will also include specialized sections and satellite events that will allow for a deeper insight into individual subtopics.

We believe that the scientific focus of the symposium will attract your interest and that you will accept our invitation to participate in this important international meeting.

The registration form and further organizational details can be found on the official symposium website.

We look forward to meeting you in Prague.

Yours sincerely

Prof. Martin Sames, MD, PhD

Prof. Giuseppe Lanzino, MD, PhD

Presidents of the Congress
