

WFNS COMMITTEES REPORT

WFNS YNS Virtual Conference

The WFNS Young Neurosurgeons Virtual Conference held on **26th October 2025** was a highly successful global academic event, bringing together an exceptional lineup of speakers and attendees from around the world. The scientific program featured **over 35 distinguished faculty members representing more than 25 countries**, covering key domains including innovation, neuro-oncology, minimally invasive neurosurgery, vascular challenges in LMICs, and cutting-edge spine surgery.

The conference drew remarkable international participation, with **507 attendees from all continents**, reflecting the strong global interest and commitment toward advancing neurosurgical education and collaboration.

This virtual gathering once again highlighted the WFNS Young Neurosurgeons Forum's dedication to fostering learning, mentorship, and global neurosurgical unity.
